## "THE SINK" TADELAKT PROGRAM 1 DAY

The sink is made out of clay, with a rough surface, ideal to be coated directly with Tadelakt. They are handmade, so each one is slightly different from the other. And, of course, at the end of the course, each participant can take his Tadelakt sink home. To fill the waiting times, while waiting to be able to continue working between the layers, we apply Tadelakt on tiles 15x15cm, where you can try other working techniques with Tadelakt in different colours.

9.00am –9.30am Introduction

9.30am –1.00pm Application of Tadelakt on a round sink
